Remodeling Consulting Services

with Kevin Wallace, Wallace Remodeling Inc.

Kevin Wallace, Certified Remodeler, is available for on-site remodeling consultations with you, to walk through a property and provide an expert assessment that addresses your goals and questions. Kevin's in-depth, local knowledge about San Francisco property comes from over 35 years of design/build experience across the city. He is a member of the SF Building Department's Code Advisory Committee and Green Building Sub-Committee, and was founding President of NARI's SF Chapter.

Services for Real Estate Brokers

Thoroughly assessing the state of properties and their full design and construction potential for buyers is invaluable to serving your clients and maximizing your sale. Kevin Wallace can provide you with concise, invaluable infrastructure information about your properties that will help you build targeted sales and marketing strategies and add tremendous value to your listings.

Services for Prospective Homebuyers

Making an informed and careful decision when purchasing a home benefits from thorough knowledge of a property and the opportunities that it will present to you as the new owner. Kevin Wallace can provide you with answers about the current state of a property, as well as design, construction and green improvements that may enhance the property for you and its future value, building code and permit expertise, and process and timeline guidance.

Services for Small Business Owners

Envisioning the possibilities of how a commercial space can serve your business needs and its potential is critical. Kevin Wallace can provide you with answers about the design and construction possibilities of a space, building permits, and timelines that will help you reach your goals.

1-Hour On-Site Consultation, \$250
