NARI Certified Remodeler

NORTHERN CALIFORNIA STONE SUPPLIERS

Thank you for choosing Wallace Remodeling, Inc. as your general contractor.

Please note that suppliers may not always have what you want. In light of this, we have prepared a list of direct importers that we recommend. These companies carry a large stock of material. They represent the best in Northern California. Please feel free to contact them on your own and make arrangements to view their stock. Most are open ½ days on Saturday for viewing only. You may have looked at material from a source not listed below. In that case, we can usually arrange to purchase your material from those suppliers. We will be happy to assist you in this process.
